NUMBER 1
INVESTMENT
DIGITAL
PLATFORM
IN VIETNAM

SCOPE OF BUSINESS

1. STOCK TRADING SERVICES

Pinetree provides a wide range of financial products and services to individual and institutional customers through the most modern and advanced digital financial platform.

eKYC Opening Account

Investors can easily open securities trading account through online trading platform on the mobile apps or website of the Company.

Pinetree has also developed an online account opening system to authenticate customers using 'eKYC technology' such as biometric technology for face-matching, real person verification (liveness detection) and character recognition (OCR).

Online Transaction at Zero Fee

With the Alphatrading application, WTS (Web trading system), Bloomberg Terminal EMSX & FIX. The Company provides both domestic and foreign customers with modern, and easy-to-use applications for customers to trade securities, find explore data, and manage assets.

Pinetree is the leading company in the market providing a lifetime policy of ZERO transaction fee for investors.

Support Services

Margin lending is a service which supports customers in borrowing capital to purchase securities on the margin list issued by SSC. With a diversified portfolio of loan securities, capital support ratio from 10% to 50%, customers can easily extend their loans at low interest rates (9%/year). Margin services at Pinetree will help customers increase investment yields with the

lowest cost of capital in the market.

Pinetree also offers cash advance service to assist customers to receive money right after matching securities selling orders without waiting for money to transfer to their account as current regulations (T+2) with only 9%/year (lowest in the market).

Information center

Starting from the desire to create real value for customers, Pinetree's trading platform not only provide easy-to-use utilities related to stock investment, but also provide full range of information from macro to micro, from global to domestic, covering all of sectors, all stock codes and all types of securities.

Daily market report is updated twice a day, to help customers catch the most important news to make their best investment decisions.

YouTube channel with weekly updated videos, together with quarterly webinars have provided customers thorough analysis of stock codes, sectors and macroeconomic situation.

Portfolio

Portfolio is a product designed by the Company with specific criteria in the selection of investment securities, risk appetite and customer characteristics.

Not only suggesting a basket of stocks to purchase, Pinetree also provide portfolio management service to customers in order to achieve expected returns within a specified period of time.

2. FIXED INCOME INSTRUMENTS

In order to diversify investment channels for customers and provide secure investment channels with attractive returns, Pinetree has been creating and providing customers a list of investment products with fixed yields such as bond, certificates of deposit.

The investment system is designed simply and conveniently to support customers access investment channels to achieve their financial prosperity and sustainability.

3. INVESTMENT BANKING SERVICES

To complete the business ecosystem, we also provide services relating to Equity capital market (ECM), Debt capital market (DCM), Merge and Acquisition (M&A) and corporate financial advisory services.

With the experience and potentials from the developed capital market in Korea, we will bring to the issuers many products and directions in raising capital in the market. Pinetree aims to become a leading service provider and contribute to promoting the development and innovation of Vietnam's capital market.

DIGITAL PLATFORM

STOCK123

With Stock123, investors will be familiarized with stock market from the basic knowledge of what securities is, how is the stock index calculated?... to how to buy and sell their own stocks. The lessons on Stock123 application are divided into small modules, investors can study anywhere, anytime. After learning, investors can practice virtual investment right away to test their knowledge. The feature of virtual investing is based on real market data to help learners accumulate real trading experience and face less difficulties in participating in the real market. In addition to learning and practicing investing on the Stock123 application, investors can also create and participate in challenges to compete with other players. Investors can ask questions, answer and share their investment experiences on Stock123.

ALPHATRADING

With the goal of optimizing investor experience, Pinetree has launched the Alphatrading mobile app for mobile phone transactions. In addition to the basic features for investment activities, customers can use many other useful features such as:

HANWHA INVESTMENT & SECURITIES LTD. OVERVIEW

Established in 1962, Hanwha Investment & Securities is South Korea's top-tier asset management service provider, offering a full spectrum of financial services and products, including brokerage and acquisition of stocks, bonds, and derivatives, as well as sales and asset management services for various financial products. With our differentiated systems and high-quality talent, we have successfully established ourselves as a reliable asset management partner.

Hanwha Investment & Securities continues to grow its digital financial platform so it can provide differentiated products and services that can respond to digital transformations and trends. In July 2017, we established the Data Analytics Lab, the first Big Data analysis company in the South Korea's financial investment industry. The Lab conducts research projects on various topics including Big Data analysis and offers general consulting and applications consulting.

Our business motto is "To grow together" with our clients, shareholders, and employees with sustainable products that yield stable profitability. As a trusted and financially stable company with expertise in a range of industries, we are confident we can build a better future for our customers. The foundation of our

principles is customer satisfaction, protecting investments, and growth. At Hanwha Investment & Securities, we're committed to responsible management and service innovations to ensure we can be a reliable financial partner.

Hanwha Securities Philosophy

The philosophy of "Trust and Loyalty" form the basis of the growth Hanwha has achieved to this day. This is the philosophy that enabled Hanwha to nurture its human-centric corporate culture and overcome hardships based on mutual trust and strong sense of unity.

Trust means to be trustworthy for anyone under any circumstances.

Loyalty is our ties with others, which, once forged, are to be cherished and upheld eternally.

- 2020 total sales: 2.02 billion USD
- 2020 total asset: 10.3 billion USD
